We're offering a 1998 **Krones Contiroll labeling machine**, designed for the efficient application of **OPP labels** using hot glue technology. This unit ensures a production capacity of 18,000 bottles per hour (bph). The control system includes a Siemens S5 PLC and a Krones CTS HMI interface. An optional upgrade service to the latest-generation Siemens PLC is available. We offer several sales configurations: "as is," fully refurbished and covered by a warranty, or "ready to use" with the inclusion of compatible spare parts.
