OCME PEGASUS PALLETIZER

RIF
U25.067-PAL

MODEL
PEGASUS F160

BRAND
OCME

CATEGORY
PALLETTIZER

OCME Palletizer Pegasus F160 from 2004, ideal for forming pallets of wrapped packs containing bottles. The machine enables precise and safe stacking of boxes or packs on pallets with dimensions of 800 x 1200 mm, optimizing end-of-line flows and ensuring high load stability.
Equipped with a Siemens PLC and HMI, the system provides an intuitive interface and full control over all operational functions, enabling efficient and reliable management of the palletizing process. Available used and overhauled, in "as-is" condition, with the option to supply compatible spare parts as a sales add-on.
The Pegasus F160 model stands out for:
- Fully automatic gripping head capable of handling multi-code lines;
- Reduced downtime thanks to easy maintenance and integrated Siemens control.
