

## AUTOMATIC PLASTIC CASE WASHER

**RIF**  
LCA 10T-S

**MODEL**  
LCA 10TS

**BRAND**  
BBM

**CATEGORY**  
LAVEAUSE DE CAISSES

**Tailor-made automatic plastic cases washer for bottling line: LCA 10T-S for the plastic cases cleaning.**

LCA 10T-S is the **innovative automatic washer system for cleaning the plastic case which definitely solves the problem of the dirty bottom of the glass bottles**. LCA 10T-S combines the mechanical action of 200 rotating brushes with the cleaning action of the water pressure granting, in only 5 meters length, the effective cleaning of the plastic case with performance up to 50.000 bottles/hour.

LCA 10T-S offers great flexibility thanks to the easy change over system which **allows to wash different cases** (5x4, 4x3, 4x4 be-hive, for different containers): through the touch-screen is possible to set and adjust different washing programs.

The system can be completed with the soap station and the **plastic case external washing device**.
